

All Nations Hotel

“We own and operate a number of small and medium sized hotels in Melbourne. These hotels are predominantly manager operated and are autonomous units. We have installed the OrderMate POS system in our hotels and have found the team behind them to be a professional, efficient and honest provider for our POS needs. We have had limited use for their support services, but when we have needed quick action, they have been there for us. That includes after hours which is when things will usually go wrong. We find the ability to log onto each venue and obtain sale reports to be a unique and excellent function. It saves time and gives you an independent approach in handling our cash and credit card reconciliation. Whilst in Disneyland recently on a family holiday, I put up the price of pots from my laptop! Caused quite a stir. As time passes, I am continuously surprised with how the system has advanced and how seamlessly my businesses are updated with the newest versions of OrderMate.”

MICHAEL REARDON Owner/Non-Operator

All Nations Hotel

partnering with...

OrderMate

The All Nations Hotel in Richmond is a serious food venue in a 140 year old landmark Richmond hotel. Michael Reardon took over the venue in early 2006 and since then has brought the business back to its glory days as being a must-stop destination as a fine dining pub. The courtyard and beer garden have also been restored with a retractable roof and plasma screens. The upstairs area has now also been restored with the old private dining room for special functions and larger groups. OrderMate runs across all of Michael's businesses which also include The Rising Sun South Melbourne, The Clyde and Port Melbourne's Rubira's at Swallows.

All Nations Hotel 64 Lennox Street
Richmond VIC 3121 Ph 03 9428 1564

Features/Benefits

Fast Bar

Transact customers easily who pay for drinks up at the bar, or start up a Tab.

Live Stock Control

Transfer stock between different stock areas. Live to the second stock level reporting.

Remote Administration

Receive invoicing from suppliers at head office and process in OrderMate remotely.

Order food at Bar

Bar meals ordered at the main bar are easily distinguished from those in the dining rooms.

Price Levels

Change pricing automatically by time, or a defined triggered event – you choose as many as you want.

Table/Bar Meal Ordering

Either run Table accounts then pay, or utilise OrderMate's advanced Bistro mode.
