

# Porgie + Mr Jones

OrderMate speeds up operations at the Front of House immensely and also provides vital accounting information that allows me to make the financial and business decisions that keep Porgie + Mr Jones on course. Though it is an advanced system and provides such detailed information, my employees and I are able to input and retrieve data and operate the system with ease.

## OrderMate

Located in the inner eastern suburbs of Melbourne, Porgie & Mr Jones is a busy 7 day a week café with a strong focus on breakfasts and lunches. Out back is the courtyard which is almost always filled and, including the inside front and back dining sections, Porgie & Mr Jones easily seats 100 customers. There is also a busy coffee take away component to the business, so the front register is nearly always filled with someone coming or going.
